

# Multi-Day Trout Trips

## Itinerary

We will meet you at the Imperial River Company Lodge at 8:00 AM on the first morning of your trip. This leaves time for any last minute purchases of forgotten items including fishing licenses. Once on the river, you and your guides will spend the next two and a half days fishing for rainbow trout, interrupted only for a couple of lunch breaks and evenings at river camp. We will take off the river at 12:00-1:00 PM on the last day of the trip just above the town of Maupin.
